

Amanda Montgomery Biography

Division of Water Rights, State Water Resources Control Board

Amanda Montgomery is an Environmental Program Manager at the State Water Resources Control Board. She has served as Water Board staff for sixteen years, working on a variety of water quality, agricultural, site cleanup and water rights issues. She currently manages the Water Rights Permitting Program, which issues water rights permits and change petitions on existing rights. Amanda has a background as a soil scientist with degrees from the University of California Davis and the University of Hawaii.
